

Kyabra Yarning Circle

This Kyabra Yarning Circle is a special place to find healing pathways for groups and communities. Through sharing our stories we hope to build our understanding, affirm our identity and share significant meanings of life and culture.

We welcome the use of this space by staff, community members and other community groups.

In using the space we invite you to consider the following guidelines to ensure that this space and all that happens here is in keeping with our hopes and values.

- ❖ All participants are provided with an opportunity to speak in a safe non-judgemental place.
- ❖ There is an opportunity to share strengths in an inclusive and collaborative environment.
- ❖ We try to avoid problem solving and criticism.
- ❖ We try to be present in the moment.
- ❖ Our interactions will be respectful, open and honest.
- ❖ We try to recognise the resilience of individuals.
- ❖ We focus on abilities, knowledge and capacities.
- ❖ We acknowledge that together, we are rich in resources and can learn, grow and change.
