- E**ncourage other supports

VISIT www.mhfa.com.au FOR INFORMATION ON COURSES

Mental Health First Aid is the help provided to a person who is developing a mental health problem, or who is in a mental health crisis, until appropriate professional treatment is received or the crisis resolves. Mental health first aid strategies are taught in evidence-based training programs authored by Mental Health First Aid (MHFA) Australia and conducted by accredited MHFA Instructors across Australia.

When: Saturday 21st & 28th March 2020

Time: 9.00am to 4.30pm

Participants must attend both days in March to complete the course and receive a certificate

Please contact Kyabra's Intake Team on 07 3373 9499 if you are interested in attending the course.

The **Youth Mental Health First Aid Course** is for adults working or living with adolescents, those aged between approximately 12 and 18 years. However, the course can be relevant for those helping people who are a little younger or older. This course is particularly suitable for parents, teachers, sports coaches, and youth workers. This course is funded for carers however professionals may be considered if the group is not full so please advise intake if you are a professional and you will be added to a wait list.

What the course covers:

The course teaches adults how to assist adolescents who are developing a mental health problem or in a mental health crisis. Course participants learn about adolescent development, the signs and symptoms of the common and disabling mental health problems in young people, where and how to get help when a young person is developing a mental illness, what sort of help has been shown by research to be effective, and how to provide first aid in a crisis situation.

Developing mental health problems covered are:

- Depression
- Anxiety problems
- Psychosis
- Substance use problems
- Eating disorders

Mental health crisis situations covered are:

- Suicidal thoughts and behaviours
- Non-suicidal self-injury (sometimes called deliberate self-harm)
- Panic attacks
- Traumatic events
- Severe effects of drug or alcohol use
- Severe psychotic states
- Aggressive behaviours

Facilitator: Ruth O'Sullivan

Ruth is currently working as a Peer Rehabilitation Worker Supervisor within Queensland Health, so provides up to date/current work practices. Ruth has also worked as a resource worker at Kyabra Community Association which is a well regarded Non-Government Organisation. Ruth has also worked as a Carer Consultant with Child and Youth Mental Health Services on the Gold Coast. She has completed Program Development and Facilitation (PDF) and has gained experience in management of groups and good course delivery skills. She has a Bachelor of Social Science, completed two subjects of the Masters in Mental Health, is a Wellways - Building a Better Future facilitator and a Clinical Hypnotherapist. Her special interest is facilitating YMHFA to family members and Carers of people with Mental Health difficulties.
